

Information for Students Going on Exchange
(please also refer to the [prior version](#), in Turkish, more comprehensive, but might be outdated in some parts)

1. Applying

The first step is application. Applications are handled by the International Office, and are handed in electronically. First, you need to choose the universities you go to. For a current and complete list, refer to the [International Office list](#). There is also a list on the webpage of the Department. You need to check especially for the applicable departments, and any language requirements. Also take a look at the quota, and who places (e.g., POOL means it is placed centrally, and you will be competing with students from the whole of Bogazici). The following [statistics](#) will give you an idea about partners, and how popular they have been in the past. We also keep a [repository of experience reports](#) of students who have been on exchange. Please note that there are requirements you need to fulfill to be eligible for an exchange (for undergraduate students, a GPA of 2.5 is currently required). Some universities also have a language requirement. After the application deadline, you will be invited for an interview, and the final ranking will be determined based on GPA, language and interview scores. The final placement will then be announced by the International Office.

2. Before Exchange Term

After having been placed, you need to file an excuse form for the term you will be away (petition form). This is to be handed in to the exchange advisor (Assoc. Prof. Dr. Stefan Koch), and needs to be accompanied with a copy of the acceptance letter from the foreign university, and a printout of your current transcript. For Erasmus, you also need to submit a learning agreement listing the courses (see below for course selection). Please note that you need to pay your fees at Bogazici for your term abroad, but do not need to register for classes or submit a schedule.

3. Accreditation

After coming back, you need to file for accreditation of your courses. Again, use a petition form, accompanied with a list of courses and how you want them accredited, and the original transcript from abroad, as well as a current Bogazici transcript printout. Please note some rules: You are allowed to take up to 6 courses abroad (18 credits). Please be aware that a 3 credit Bogazici course has about 5-6 ECTS. No course below 4 ECTS credits (and those only rarely) can be accredited as a 3 credit Bogazici course. Sometimes courses can be merged to fulfill this requirement. You should choose courses of appropriate level. For a required course to be taken abroad, you will need a statement by the Bogazici instructor of that course regarding equivalence. For a course to be accredited (or used in merging), you need at least a grade of CC (respectively the local equivalent, ECTS of D is acceptable). Mostly, students opt to do area electives and free electives abroad. Please also download the [experience report form](#), fill it out and mail it to the Erasmus Coordinator (stefan.koch@boun.edu.tr).

Below, you can find a list of accreditations made in the past. Please note that inclusion in this list does not guarantee acceptance, as regulations and syllabi change over time. Also, this is courses actually chosen by students, so the fact a course (or university) is not listed simply means nobody tried to accredit it yet. It does not imply that courses not listed can not be accredited.
